

# NSW Energy and Water Starters Offer Offer Recipients

Version 3.0 Updated 13 March 2023

## Background

With support from the NSW Government, NABERS is pleased to offer another round of this new opportunity designed to support buildings in NSW to measure and improve their environmental performance.

The offers available to buildings in NSW are:

Accelerating Net Zero Buildings Energy Starters program – to encourage new participation with NABERS ratings.

DPE NSW Water Starters program – to encourage new participation with NABERS water ratings and water efficiency engagement. Current funding round will be open for applications until 28 February 2023 (or the exhaustion of funding).

The second round offer opens on 18 July 2022 until 28 February 2023 (or the exhaustion of funding). Round 1 was opened from 28 October 2021 to 30 June 2022.

## Energy Starters Program

This program is designed to encourage new customers to begin measuring and managing their energy performance with NABERS and to create demand for energy management and Assessor services. The structure of the offer asks participants to commit to two consecutive NABERS Energy ratings, with an action plan for improvements between ratings.

## Water Starters Program

This program is designed to encourage new customers to begin measuring and managing their water performance with NABERS and to create demand for water management and Assessor services. The structure of the offer asks participants to commit to two consecutive NABERS Water ratings, with an action plan for improvements between ratings. Participants will be offered water efficiency materials and opportunities for capacity building during the program rollout.

In compliance with NSW's [Grants Administration Guide \(2022\)](#) and *Government Information (Public Access) Act 2009* (NSW) (GIPA Act) offer recipients will be published below.
