It achieves this by providing reliable and comparable information on building performance to support informed decisions that lead to positive environmental, social, and economic outcomes.
- B. The Department has developed the following application programming interfaces:
  - a. the **'Rating Calculator API'** to allow customers to programmatically calculate data using the NABERS Algorithms for certain rating products which are as specified on the NABERS Website at <https://www.nabers.gov.au/ratings/pricing> (**Available Ratings**) (which may be subject to change in accordance with clause 27(c)); and
  - b. the **'Rating Register API'** to allow customers to retrieve data for public ratings available in NABERS Perform for the sectors, scopes and rating types specified at <https://www.nabers.gov.au/ratings/pricing> (**Available Register Data**) (which may be subject to change in accordance with clause 27(d)).
- C. This Agreement outlines the terms and conditions for the API User's use of the NABERS API. It refers to NABERS and all its associated terminology.

## Agreement Terms

### Overview

1. The Department will provide you with use of the NABERS API, and you are free to integrate the NABERS API into your software or system to generate estimated ratings and reports for the Term, provided that you accept and comply with the terms of this Agreement and the Department's policies, including the Department's Privacy Statement and the NABERS Terms of Service (the **Policies**).
2. You agree that the Policies, which may change from time to time, form part of this Agreement and by accepting this Agreement you agree to be bound by all the terms and conditions of this Agreement including the Policies. To the extent of any inconsistency between the Policies and the other terms set out in this Agreement, the terms of this Agreement will prevail to the extent of that inconsistency.

### Payment

3. The Department may issue the invoice to the API User for the Fees for the Initial Term at any time on and from the date that this Agreement is signed by the API User.
4. Following the payment of the Fees for the Initial Term by you, the Department will supply you with the API Key and the Materials (**Fulfilment**).
5. The Fees in respect of any products, services or features added by you during the Term, including any Additional API, Licence Upgrade or Technical Request Limit Increase, will be adjusted on a pro-rata basis for the remainder of the Term.
6. Subject to clause 50 and 51, the API User acknowledges that the Fees are not refundable under any circumstance, and the API User will not be entitled to recover any or all of the Fees that it has paid to the Department.

### GST

7. Words used in this clause that are not defined in clause 69 have the meaning given in the GST Law.
8. Unless otherwise specified, all amounts payable under this Agreement are exclusive of GST.
9. If a supply made under this Agreement is a taxable supply, the recipient of that taxable supply (**Recipient**) must, in addition to any other consideration, pay to the party making the taxable supply (**Supplier**) the amount of GST in respect of the supply.
10. The Recipient will only be required to pay an amount of GST to the Supplier if and when the Supplier provides a valid tax invoice to the Recipient in respect of the taxable supply.
11. If there is an adjustment to a taxable supply made under this Agreement, then the Supplier must provide an adjustment note to the Recipient.

12. The amount of a party's entitlement under this Agreement to recovery or compensation for any of its costs, expenses or liabilities is reduced by the input tax credits to which that party is entitled in respect of those costs, expenses or liabilities.

    - (i) written Notice from the API User that it no longer requires use of the NABERS API; or
    - (ii) the date on which the Department terminates your access and / or use of the NABERS API; and
  - (b) the same terms and conditions of this Agreement as applicable at the end of the then current Term shall continue to apply during any deemed extension of the Term in accordance with this clause 16.
17. The Department reserves the right to suspend your access to the NABERS API if, following an invoice being issued by the Department in accordance with clause 15, payment of the relevant Fees for the Renewal Period are not received from you before commencement of the relevant Renewal Period until all Fees have been paid by you.
